Dono® PET SANITARY

GIVE THE DOG THE LOVE

PET FEMALE DOG DIAPERS

Diaper, they are not just for humans. In fact, pet diaper can be necessary (and a relief for pet parents) due to a variety of factors, typically related to health. DONO Pet Diaper is mainly used to clean the excretion of cats, dogs and other domestic pets. Because of all round three- dimensional enclosure design and firmly lock the liquid, we needn't to be afraid of our pet running and climbing and other large-scale activities. It makes us feel more at ease. Cotton soft skin surface can reduce the friction of pet skin, not easy to fall off, which can make us more worry free.

NEW STYLE DONO PET DIAPERS

DONO disposable pet female diaper is mainly used to clean the excretion of cats,dogs and other domestic pets. It is the same as the baby's diaper. The surface layer is soft, and the dog will not rub the skin any more.
Female dog diaper perfect for dogs with incontinence, female in season ,excitable urination,and puppy training.

This pet diaper has a new design that there is a foam dog hole. The difference is that the foam dog hole can fix the dog's tail according to the size of the dog's tail. It also prevents leakage. Foam-fit tail hole increased security & protection against leaks and it ensures a snug fit even on the most active dogs. Pet diaper makes dogs more comfortable and makes us more relaxed.
12 hours of protection for your dog.

Why do male dogs wear diapers ?

DONO MALE WRAPS

Prevent the dog from urinating

Prevent dogs from harassing other female dogs during estrus

The old dog is incontinent

Characteristic presentation

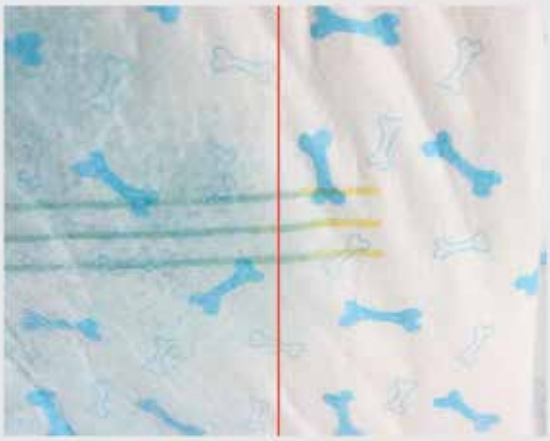

Ordinary diapers :

There is no urine indicator line so it is impossible to accurately observe how much the dog has peed and change the diaper in time.

DONO diaper

At the bottom of the three yellow urine indicator lines design, we can observe how much urine dogs anytime, timely replacement will not lead to bacterial breeding

After absorption | Before absorption

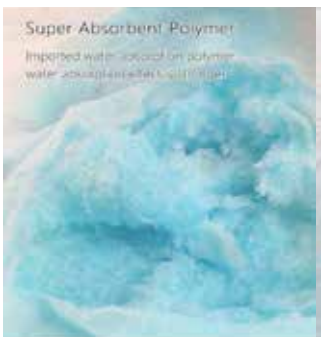

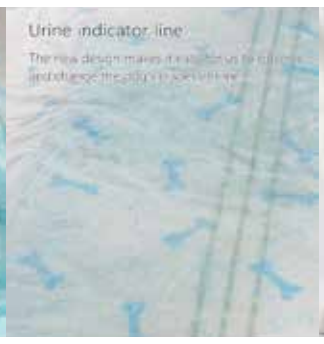

DONO Male Wraps is specially designed for male dogs. At the bottom of the wrap, there are three yellow urine display designs. We can find how much urine the dog has at any time and replace it in time.

High polymer absorbs a lot of water, giving our dog the most intimate care. DONO pet male wrap always can solve a number of questions for us. Waterproof, soft, and composite membrane back sheet.

PET WIPES & GLOVE WIPES

DONO Pet Wipes is specially designed for pets. It has slightly alkaline PH for refreshing skin care. Why slightly alkaline PH is so important? If pets use wipes with PH value inconsistent, the skin will be out of balance due to acid and alkali, which will lead to the growth of bacteria, creating odor and easy to get sick.

DONO TRAINING PADS

DONO Pet Pads is a kind of water absorption deodorization pet urine pad. Disposable Pet Training Pad helps to protect your linens, mattress, and furniture from incontinence. Available in different sizes, the disposable under-pads feature a quilted mat for enhanced fluid dispersion, soft interior liner that does not irritate skin and a smooth outer barrier that assists.

Five layers of water absorption structure including non-woven fabrics, tissue paper, wood pulp polymer, tissue paper and PE film at the bottom. That can tightly lock the urine. Effective deodorization and odor removal protect your dog from germs and keep it from getting sick. Remember to change another pad once a day.
